IT PROCESS MANAGEMT

The Specialty of IT Process Management helps organizations face the challenges of the environment in their transition towards digital transformation.

Using governance, quality, innovation and best practices models in the industry, we ensure continuous and sustained improvement in companies, through the integration of processes, tools and human talent.

Our hallmark

The IT Process specialty defines strategic projects for its clients through the Praxis Agile Framework, which is made up of the most recognized international models in the IT industry; our strategy has as a starting point a Quick Assessment in order to implement a methodological blending of frameworks, norms, standards and best practices according to the culture and needs of each organization, this together with adequate training, enhances the success of the adoption of our value offer.

We are committed to our business partners establishing a business relationship that adds them value!

Most recognized **international** models in the **IT industry.**

Continuous improvement.

Agile and organizational transformation service.

Coaching & Mentoring.

PRAXIS

Services

- Agile and organizational transformation service.

- Design, establishment and implementation of business processes.

- **Project:** With a defined scope, time and cost, it is carried out by a team of consultants who will generate a group of specific deliverables.

- **Coaching & Mentoring:** Through our certified coaches, recommendations of best practices and techniques will be made, which can be adopted for each need.

- **Agile - AMS:** Through the implementation of a VAMS (Virtual Application Management System) executed 100% remotely, associated with projects with defined management deliverables.

- **Certification Courses:** With duration and official material in most of the frameworks, models, standards and methodologies in the IT industry.

- **Specialized Consulting:** With our specialist delivery model, we ensure that the best human talent is integrated into your organization under a specialized consulting scheme.

Benefícios
